

## Daily Challenge Week 2 Day 2: The World Map Game

**Challenge:** Can you draw a map of the world?

1. Have fun drawing a map of the world without looking at any resources or help. Use a large piece of paper. Can you label any countries? Just have a go. Do it quickly.

2. Now look at a world map. You have 10 minutes to look at it and memorise it.

Clue 1: Identify the 7 continents and try to remember their shape.

Clue 2: Identify major countries including the United Kingdom countries and remember which continent they are located on.

3. Have another go at drawing a map of the world without looking at resources. Start with outlines of the continents.

4. Now check your map against a factually correct one. Each time you have a go, you should improve.

5. Try finding out some interesting facts about countries and then locate them on your map.

Examples: What is the country with the smallest area? What is the country with the largest area? Can you name the oceans and seas? Where are your family and ancestors originally from? Which countries have your family visited? Which country has the longest name?

6. Make a family quiz based on the world.
