

Daily Challenge Day 22 Draw that Bird!

There are many YouTube videos to watch on how to draw a bird.

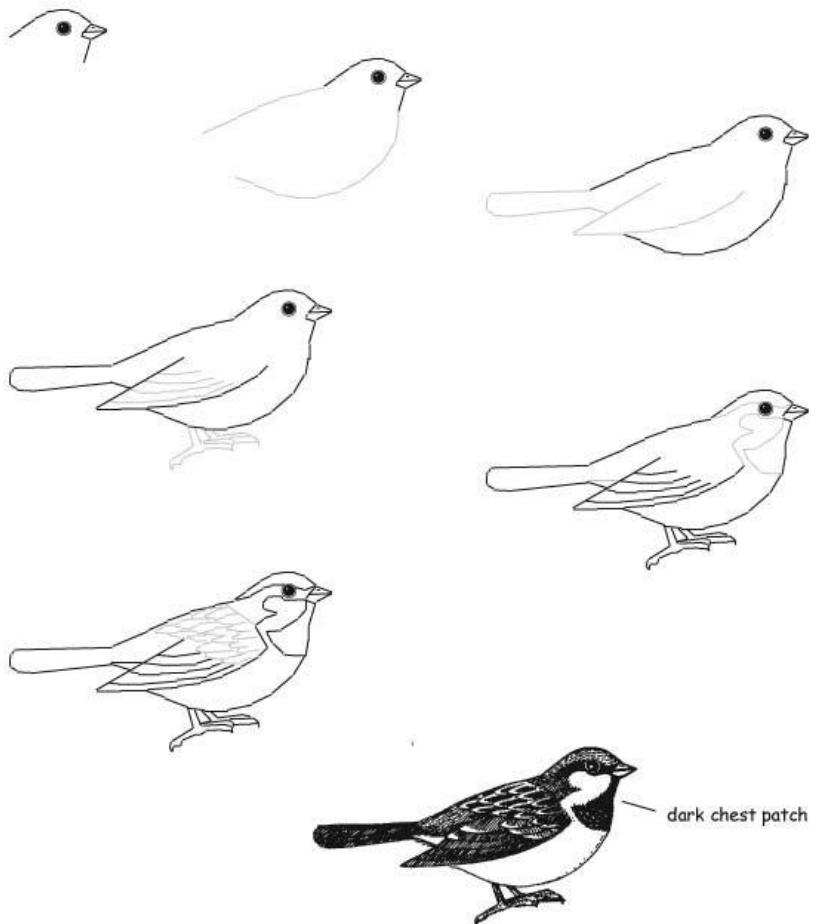

Have a go.

1. Use a pencil to draw the outline.
2. Expect to have many 'goes' or 'tries'. Artists make many attempts before they are happy with their final drawing.
3. If you find yourself getting frustrated and thinking, "I'm rubbish... I can't draw". STOP! This isn't true. Art is all about PRACTICE. The more you do, the better you'll get. A good idea might be to draw lots of bird shapes as quickly and then as slowly as you can.

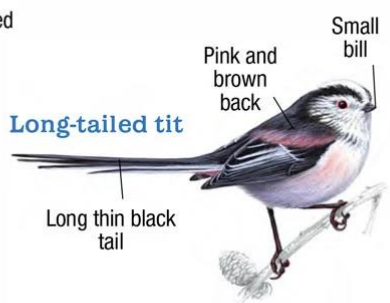

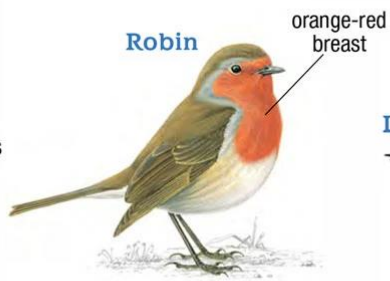

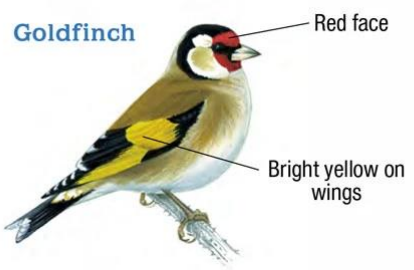

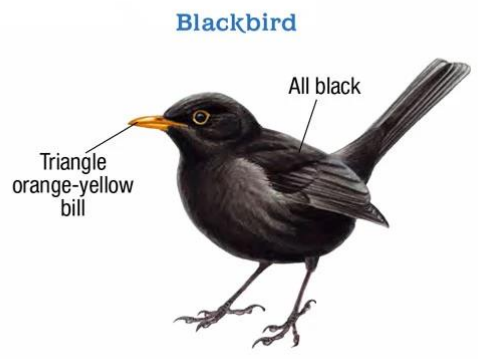

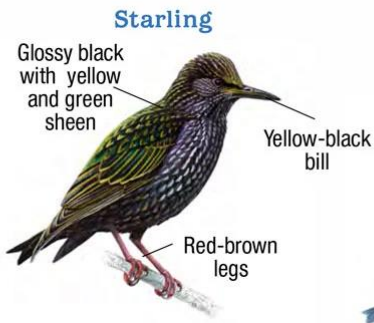

Fill a large piece of paper with shapes that you want to draw. Get confidence by doing lots and lots.

4. When you are happy with your attempt you could try enlarging it.

5. Think about adding colour. Do your research and find out the correct colours to use. You could use pencils or watercolours.
