

## Daily Challenge – Mystery Box

Try cooking a meal without a recipe or a menu plan.

Ask an adult to choose a selection of ingredients and hide them under a box.

The items could be sweet, savoury, or a mixture of both.

When you are ready reveal the items. Your family may choose to allow access to store cupboard staples as well e.g. flour, butter, oil, pepper, milk. Just set the rules before you begin!

Work individually or as a team and try to cook the most inventive meal you can using the ingredients you have.

Enjoy your creation together.
